# **ABOUT US**

**Maxway is the easiest and most efficient way to make money from cryptocurrency mining without having to buy and maintain your equipment. One of the main advantages of this type of investment is that you only need to select a contract plan and buy it. Thus obtain a stable passive income without the unnecessary risks and difficulties of independent mining.**

# ABOUT TRADING

The company is specializing in trading the financial instruments of the Forex and Cryptocurrency. Building relationships with our clients, we emphasis on offering low spreads, Realtime market pricing information provided via a direct link to the interbank market, and the exclusive margin policy. Our full margin usage policy allows traders to maximize the full potential of their trading account, while the negative balance protection program safeguards against losses, exceeding the user determined level.

# WHAT IS CLOUD MINING

Cloud mining is a method for mining cryptocurrencies like Bitcoin using rented cloud computing power, as compared to downloading or operating the necessary hardware and software directly. The customer merely needs to register and buy mining contracts or shares because the mining rigs are kept in a facility that belongs to a mining company.

# WELCOME TO MAXWAY
